

TD Great Canadian Shoreline Cleanup

This September, we would like to invite the **Girl Guides of Canada** to join thousands of Canadians from coast to coast as we clean up rivers, lakes, streams and ocean shorelines during the 2008 TD Great Canadian Shoreline Cleanup!

This year's national cleanup week will take place:
September 20th – 28th, 2008

Girl Guide programs encourage girls to engage in their communities and begin to take a stand on issues that are important to them, such as the environment. By organizing a shoreline cleanup in your community, you'll be contributing to a national effort to keep Canada's waterways clean, safe, and beautiful. Be a part of the solution and register today!

Organizing a cleanup is easy! Individuals who organize cleanups are called **Site Coordinators** and they are the lead contact and organizer for their shoreline cleanup. They select a location, pick a date and time for the cleanup, and act as the recipient for the Cleanup Supply Kit which we will send you completely free of charge! Additionally, you will receive online access to an instruction manual and other helpful resources.

For more information on how to register, please visit our website at:

www.vanaqua.org/cleanup

(Registration closes August 31st)

When you are registering for a cleanup site as its Site Coordinator you will be prompted to enter **Information About Your Group**:

- Group Name: Please enter your **City, Troop, or Team Name** in the space provided.
- Group Type: Please select **Brownies, Guides, Pathfinders** from the drop down menu.
- # of Crests Requested: Please enter the number of Crests you require. Note that Crests will be mailed out after cleanup data has been received and tabulated.

You can also email our office at: shorelinecleanup@vanaqua.org
or call (toll-free): 1-877-427-2422
