Indoor Sites:

Our indoor sites have recently been rebuilt and renovated and are all wheel chair accessible.

Olave House site: consists of a main kitchen building with a propane fireplace, 2 showers, a large, covered deck, a craft building, three heated bunk houses that sleep a total of 48, two large gazebos and an outhouse building.

Chalet site: has a heated building that includes a main kitchen area, bedrooms that sleep a total of 24 in bunks and has indoor bathroom facilities. There is an outhouse for use in the off season. It has a large open deck with picnic tables. This is the **only site** that is available for use all year round.

The camp opened in 1968 and has seen many changes and improvements over the years.

Camp Okeekun offers affordable camping and has two indoor sites and two tenting sites.

All sites have electricity, fridges, basic cooking equipment, BBQ's, campfire pits and a large play area. Running water is available at all sites except during the off season when it is brought in.

Tenting Sites:

Jennifer Peters Site consists of an enclosed shelter with a wood burning stove, fireplace, and picnic tables inside that will accommodate approximately 40. There is also a Gazebo with more tables outside, a YURT, an outhouse building and an emergency sleeping trailer that could sleep 28.

Nancy Rutt Site has an open shelter with a wood burning stove and fireplace and approx. 5 picnic tables inside and a few more outside. It also has a small shed available for storing supplies, an outhouse building and an emergency sleeping trailer that could sleep 28.
